FORMULA
EXCLUSIVE TO IPC

photo non-binding

BIOPLONGE*

KITCHEN

ACTION

- Cleans dishes

INNOVATIVE:

- Formula exclusive to IPC.
- Specially designed for manual washing-up and soaking heavily soiled dishes.
- *ENRICHED WITH BIOSURFACTANTS (natural surfactants manufactured by micro-organisms) to help shift and dissolve greasy stains.
- Very short drying time.

PROTECTS:

- No hazard warning icon.
- Environmentally-friendly, user-friendly.
- Scent 100% natural.
- Packaging 100% recyclable.
- VOC free.

ADVICE:

- Can be used in all dish-washing sinks, even in hard water.
- Ideal for all food environments: school canteens, hotels, retirement homes, clinics, fast food...

INSTRUCTIONS FOR USE:

- Fill the sink with water at a maximum of 50°C.
- Add 3 to 5 ml of product per litre of water depending on the degree of soiling.
- Soak the utensils once most of the waste has been removed.
- Wash, rinse and leave to dry vertically without wiping.

PROPERTIES:

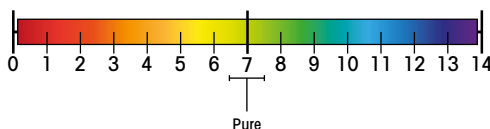

- Density: 1.04.
- Scent: Citrus or Mint.
- Orange or green viscous liquid.

PACKAGING:
